

## Scrisoare de recomandare / Recommendation Letter

Incepand cu anul 2004, compania HOLCIM ROMANIA beneficiaza de servicii de reparatii si mentenanta din partea companiei SC TECO SRL.

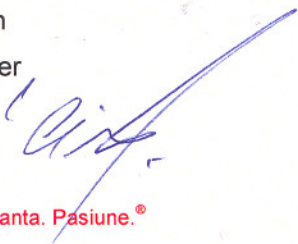

Argumentele pentru care compania HOLCIM ROMANIA a ales SC TECO SRL ca partener pe termen lung in domeniul prestarilor de servicii de reparatii si mentenanta au fost:

- ✓ calitatea lucrarilor de reparatii si mentenanta
- ✓ fiabilitatea dovedita pe termen lung
- ✓ promptitudinea, in special in situatiile de urgenta
- ✓ solicitudinea fata de toate cerintele impuse

Aceste aspecte au recomandat compania SC TECO SRL in selectia unui furnizor de servicii pentru realizarea in premiera a unui proiect de sudare in argon a tevilor cap la cap. Acest proiect a facut parte dintr-un investitie ampla destinata realizarii unui recuperator de caldura. In prezent, dupa 8 ani de colaborare, serviciile oferite de SC TECO SRL acopera in mare masura nevoile si asteptarile noastre, prezinta un grad ridicat de incredere si pot fi caracterizate drept profesionale.

HOLCIM recomanda serviciile de sudura in domeniul reparatiilor si a sudurilor speciale ale S.C. TECO.

Menz Roman  
 Plant Manager

Starting with the year of 2004, SC TECO SRL is one of the main supplier of industrial maintenance and repair services for HOLCIM ROMANIA.

The main reasons for which SC TECO SRL was chosen by HOLCIM ROMANIA as long term partner on this field were:

- ✓ high quality maintenance and repair works
- ✓ proven long term reliability
- ✓ promptitude, especially in emergency situations
- ✓ comprehension towards all our requirements

For these reasons, SC TECO SRL was selected to carry out a pioneering project of head to head argon pipe welding. This project was part of a large investment with the purpose of achieving a heat recovery system. Now, after 8 years of partnership, the services provided by SC TECO SRL completely meet our needs and expectations, are highly reliable and are considered to be professional.

We highly recommend SC TECO as an outstanding maintenance and repair service supplier.

Pacurar Florin  
 Head of Improvement Department
